## EXPERIENCE

### REACTJS DEVELOPER
CollabEZ

June 2024 - Present

- Develop responsive and dynamic frontends for websites and web apps using ReactJS and NextJS.
- Integrate NodeJS backend APIs to ensure seamless data flow and functionality.
- Develop animated UIs with GSAP and Framer Motion to enhance user experience.

### FRONTEND DEVELOPER
Octopus Digital Networks

Aug 2022 - October 2022

- Developed and coded responsive UI for a Restaurant Online Ordering system using HTML, CSS, and JavaScript.
- Integrated frontend with Laravel backend APIs, ensuring smooth functionality and data flow.
- Contributed to user experience enhancements, refining features for optimal usability.

## PROFILE

Experienced Full Stack Developer skilled in designing and deploying robust web applications from concept to completion. Proficient in both front-end and back-end development, with a strong focus on delivering scalable, user-centric solutions while staying updated with the latest technologies and industry trends.

## PROJECTS

### AI BASED DATA ENTRY AUTOMATION
8 months

- Developed UI and backend APIs for "AI Based Data Entry Automation" using ReactJS and Django.
- Enabled secure file upload, data processing, and storage to user dashboards.
- Implemented robust full-stack authentication for user security

### MERN STACK BLOG WEB APP
3 months

- Developed a MERN stack blog app with Node.js and Express.js backend for API development, leveraging MongoDB for efficient data storage.
- Integrated robust user authentication and Firebase Google Auth for secure login.
- Developed admin panel for efficient blog post management, enhancing backend functionality.

### HRMS PORTAL MERN STACK
3 months - Ongoing

- **Employee Dashboard:** Provides individual employees with a personalized view of their performance, daily and monthly attendance, and the ability to apply for leaves and holidays.
- **HR Dashboard:** Offers a comprehensive view of HR's own information, access to all employee profiles, and tools to manage attendance, approve/reject leaves, and download attendance reports in Excel.
- **Admin Dashboard:** Includes all HR functionalities, with additional capabilities to access and review HR profiles and performance.
